## PREFACE

*"SOCIETY is a wave. The wave moves onward, but the water of which it is composed does not."*

—RALPH WALDO EMERSON

We present for your approval the 1967 issue of the Social Register of Greater Miami. The continuation of this publication for the past thirty-nine years has been made possible by the courtesy and assistance of those interested in the social and cultural life of the community.

The Advisory Committee, which approves the names of those to be listed, is composed of socially prominent men and women who belong to the exclusive social Clubs in this area. The names of this Committee are given to the Society Editors of the Greater Miami newspapers each year, but are not otherwise made known.

The Social Register is published each *two* years. The next issue will be the 1969 edition.

Information, corrections, confidential comments or suggestions should be addressed to the Editor.

Listing in the Social Register is by invitation only. Proposal of new names for listing must be submitted to the Editor in writing, with as much information as is available.

This publication is in no way connected or affiliated with any other publication.
